

Project Initialization and Planning Phase

Date	28 september 2026
Team ID	SWTID-2026-8124
Project Name	ComicCraft-AI Comic Creator using Gemini Models
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

A student or beginner comic creator wants to create an interesting comic with stories and illustrations, but manually writing stories, designing panels and creating images requires considerable time and creative skills. Therefore, they need a simple AI-based solution that can generate a complete comic from their ideas.

Example:

Section	ComicCraft Content
I am (Customer)	A student, beginner creator or comic enthusiast who wants to create a comic story.
I'm trying to	Create an interesting comic story with characters, scenes, dialogues and illustrations.
But	Creating the story, designing each comic panel and preparing illustrations manually takes a lot of time and effort.
Because	I may not have professional storytelling, drawing or comic-designing skills.
Which makes me feel	Frustrated and time-consuming, and I need a simple way to create a complete comic.
